

LINCOLN COUNTY  
HOSPITAL

"Neighbors Helping Neighbors"

## May is Skin Cancer Awareness month

May is Skin Cancer Awareness month. As you head outside for spring and summer activities the American Cancer Society suggest you remember their catch phrase of "Slip! Slop! Slap...and Wrap!". Slip on a shirt, slop on sunscreen, slap on a hat and wrap on sunglasses to protect yourself from UV radiation.

If you have a suspicious skin area, please contact your family Doctor for evaluation.

The Lincoln County Hospital would like to acknowledge their employees during National Hospital Week and National Nurses week.

Thank you for all you do!
